Creation November 2018 – Dakar

Tour team:

1 comedian
1 musician
1 stage manager
1 production manager

Show duration: 1H

Unloading duration: 30min

Assembly duration: 8h with light pre-assembly

Disassembly and loading: 1h

Show can be adapted to the condition of your room. For that, please contact the stage manager.

Stage:

Black stage, clean and flat.
Total blanking (to refer to the light plan)

Dimension:

Aperture: 8 m (6 min)
Depth: 6 m (4min)
Height: 5 m

Decor:

To supply:
1 black comfortable chair for musician
1 black cube of approximately 50 cm³ for musician instruments.

Light:

Lighting setup with computer and software.

Supply a DMX cable next to the mixing console.

Material to supply:

20 x PC 1Kw with hammered lens

2 x profile cut 1KW like 614

1 x profile cut 2 KW like 713

9 x PAR64 CP62

2 x light stand 1m50 height

9 x base for PAR64

For gelatin, refer to the light plan.

For D-Day assembly, light plan must be pre-mounted and plugged. A light plan will be done by the stage manager and sent to you.

Sound system (Mixing console in room)

1 digital mixing console with minimum 8 IN and 8 OUT

- 1 FOH adapted to the room.
- 1 return for the comedian + 1 return for the musician (on separated line)
- 1 minijack to RCA
- 1 HF microphone transceiver + lavalier (we have all that, but the use of our own depends on the frequency allowed in your country)
- 1 SM58 microphone on stand
- 1 DI + Jack/Jack for the Cora
- Jack and XLR cables

Staff required:

D-Day: *(with light pre-hanged and plugged + curtains set)*

9am to 1pm :
